RESPONSE

In response to the Notice to Comply with the Requirements for Patent Applications Containing Nucleotide and/or Amino Acid Disclosures, Applicants are enclosing the required Sequence Listing Information in computer readable form. A written version of the Sequence Listing Information has already been made of record as part of the instant application on 4 May 2005.

Applicants are also enclosing a statement by their undersigned attorneys, licensed to practice before the U.S. Patent and Trademark Office in patent cases, that the content of the sequence listing information recorded in computer readable form is identical to the written sequence listing already made of record and includes no new matter.

Respectfully submitted,  
The Firm of Karl F. Ross P.C.
